

Dynamic and Postural Reflexes

As Presented by Svetlana Masgutova

May 13-16th 2010 8:30-5:30

Central Okanagan Sailing Association

4220 Hobson Rd, Kelowna, BC

This course is taught by Pamela Curlee, a Gifted, Internationally acclaimed instructor, and has been hailed by professionals as the ‘Missing Link’. This Course is an integral part of any Occupational, Physical or Speech Therapists practice. It is also beneficial to any student, parent or teacher involved with another’s development. As part of a bigger vision Pamela Curlee instructs this conference to highlight Svetlana Masgutova and her revolutionary methods. This course lays the groundwork for the larger Masgutova Method conference coming to Kelowna July 2010.

What’s the Focus?

- Discover how the concept of “Movement as the basis of the natural development of a person” relates to the cognitive and social/emotional development and functioning of individuals across the lifespan.
- Understand and apply the Masgutova Method of Neuro-sensory-motor and Reflex Integration techniques for nineteen reflex patterns and how the MNRI Method™ is based upon both neurological science, studies of assessment and development of motor skills.
- Understand and explain the reflex activity mechanism of the nervous system.
- Evaluate the reflex system as the neuro-physiological basis and foundation for movement development patterns experienced over the lifespan.

...And Much More!

What Can I Expect?

1. To conduct assessments using this **MNRI**™ program to discover nonintegrated or immature reflex patterns.
2. To develop individual programs using the **MNRI**™ program to balance, activate and integrate these reflexes
3. To explore the possibilities for positive changes in body structure, posture and movement development

Download registration form at www.masgutovamethod.com or for more information Contact BMR PT Sharon Cashin at scashin@telus.net or Bev Hunter at beverlyhunter@turningonthelight.com

Conference Costs \$595.00 US plus \$65.00 US for manual. Please contact Bev or Sharon for more details.
